The Queen's Delicht, which forms an essential agreement in the Graefenburg Satsaparilla Computation of the Graefenburg Satsaparilla itself. Professor Frost of Charleston, S. C., speaks of it as follows in the Southern Journal of Medicine and Pharmacy: "Fow vegetable productions exhibit more power upon the system generally. So powerfully is its action exerted upon the capillary and secreting vessela, in charging them to a new and healthy action, that it is greatly to be preferred, &c. &c." He forther adds, that it is in chronic discases and chronic inflamations, and also in the long train of a merguences that follows syphilis, that its efficacy is best exhibited.

The superiority of the Graefenburg Sarsaparill.

The superiority of the Gracfenburg Sarsquarilla Compound may be time stated:

12t. It is composed of a number of the most efficacions a getable properties in the whole range of the Materia Medica in addition to Sarsaparilla.

2t. These are so highly concentrated that there are many more descent the bottle than in any of the

very largest bottles advertised.

13. This concentration renders it to Sarsuparills

What Quaime is to Perevian Bark. The more dilote 1 proparations are no better than ardinary root been; souring on the stomach and spoiling in the DAY Leaves Vergennes when a subjuste of the arricle may be had, is like May 2 taking bark instead of Quinine, or like travelling in a scaw against a strong current instead of itra swift.

These things being so, legall who have made up their minds to one my Sar sparilla, use that of the Granfeaberg Company. It is warranted to be ten times more efficacions than any other known; no matter have been any other known; no convergence. times more efficacions than any other known; no matter how large the bottle or extravagant the advertisements. GREAT & IMPORTANT CHEMICAL DISCOVERY.

Chemical Combination from the Vegetable

This chemical compound, with other vegeta-de productions, is one of the most important dis-

ble productions, is one of the most important uscoveries of the age. It is far superior to any
simple sarsaparilla syrup that hasever been used.

It has performed more than fifteen thousand
cures since the discovery was made, which is only about 12 months. The controlling power over disease which this Syrup possesses, may be
attributed to the fact that it is composed purely of vegetable extracts, each article in it havin a direct reference to some internal organ, conse quently the whole system receives their benefi-cial influence, which occasions neither sickness nor pain in their operation, and can be taken at all times and under all circumstances without regard to diet or business, is certainly a desider-atum in the history of medicine. This compound extract is put up in quart bottles and offered at the low price of one dollar per bottle. The object being to give the patient an opportunity, by the purchase of one bottle, to test its valuable nedical properties, and the power it has over dis-It can be taken by the aged and the infant with equal efficacy. More testimony in favor of the superiority of Dr. Gaysott, Extract of Yellow Dock and Sarsaparilla over all other similar remedies. [Extracts of letters received.] Read !! Watertown, Jefferson Co. Nov. 1847.

Mr S. F. Bennett—Sir, I am at a loss to express (with words) what has been said in praise of your compound Extractof Yellow Dock and Sarsaparilla. All who have had the pleasance of mains it, speak of its marvelous effects in removing disease, with so muchfeeling ano heart-felt satisfaction, I am confident now that no medicine in use can boast of its superior qualities. Many who have been complaining for years with pain in the side, burning and pain in the chest, dyspepsia, general debility, loss of appetine, chills, night sweats, salt freum, scrotola—in fact all the diseases that we in this climate are heir to, find in the Yellow Dock and Sarsaparilla all that is requisite to make them what they were in their days of health, &c.
